## Status of Substitute Teachers: A State-By-State Summary

Reported by NEA Affiliates

### **Ohio**

Some school districts have reacted to the shortage by restricting teachers' personal and sick leave. Others have opted for full-time substitutes. To avoid paying benefits, several districts use educational aides as substitutes, although it is illegal. The following strategies and solutions have been used in Ohio:

- Training parents to serve as elementary substitutes for purposes of providing time for professional development for teachers.
- Providing a day of training to anyone with a B.A. degree who wants to substitute.
- Hiring a couple of long-term substitutes at the high school level, paying them on base salary, and providing benefits after a number of days. Substitutes are assigned to a different classroom every day.
- Paying teachers to substitute during their planning time or increasing the pay (all through bargaining).
- Improving pay and shortening the number of days before a substitute gets to the salary schedule.
- Having a dollar scale that increases each day the substitute returns to the district.
- Pulling resource teachers (Title teachers, special education teachers) from their assignments and sending them into the classrooms. Special education students are then not serviced for the day. Locals have fought this in the past by bargaining regular teachers' planning time within the student day--which is during special time--which prevents the district from using the music, physical education, and art teachers.
- Bargaining with the local to hire permanent substitutes at every level if funding is available, and paying them an hourly rate. They are not part of the bargaining unit.
- Recruiting local people with degrees and providing training on substituting practices and teaching. 10. Creating a substitute "pool" from which all schools draw substitutes.
- Asking teachers to volunteer planning periods to cover classes. Offering to raise the hourly pay rate for teachers who substitute during their prep time (also completely voluntary) at rates from \$15 to \$22 per period.
- Giving substitutes bonus money (\$200-\$300) after they have substituted for 30 days.
- In a county where teaching jobs are hard to get, the district invites new and soon-to-graduate education students to an event where they are given information and an informal interview. Then, the district explains the need for substitutes. Many of these prospective teachers agree to be casual substitutes until a full-time job is available.
- Initiating a job for a classified person with overtime--a secretary or clerk--who clears all substitute calls.
- Negotiating contract language that allows teachers to fill in for people at a cost to the district, most are at \$15 per class.
- Introducing progressive attendance bonus provisions.

- o Locals use associate employees to act as full-time substitutes.
- o Asking retired teachers to substitute.

Overall, substitute pay ranges from \$40 to \$125 daily. Some local variations:

- o \$49 lowest, with an increase after 10 days to \$52; \$75 highest; and the average is \$55. Most build in other incentives, e.g., increase after 10-15 days.
- o \$60, and after 10 consecutive days, the rate rises to \$75.
- o \$95 for regular substitutes, and \$125 for retirees.

## MEMORANDUM

**To: All House Members**

**From: Representatives Dick Stein and Wes Retherford**

**Date: April 2<sup>nd</sup>, 2018**

**Re: Co-sponsor Request: Alternative Pedagogic Certification**

---

Over the last several years, the Ohio General Assembly has enacted a number of bills to allow alternative pathways to teacher licensure. The intent of these measures has been to align schooling with in-demand jobs fields, particularly math and science. However, there are many subjects in school and according to the annual US Dept. of Education *Teacher Shortage Report*, Ohio has been experiencing shortages beyond STEM studies since the mid-90s. We will be introducing legislation to broaden the traditional pathway to the resident educator license, recognizing non-profit development programs to fulfill the pedagogy requirement.

Within Ohio's tiered teacher licensure system, the base resident educator license requires applicants to possess a Bachelor of Science in Education and pass a state examination. Upon completion of a subsequent 4-year resident educator program a licensee is eligible for a professional educator license and the track to tenure. Past legislation has created several pathways that allow certain teachers to skip part or all of the resident educator program to allow easier than normal paths to a professional license—STEM license and Teach for America program (RC 3319.28 & 3319.227).

Our bill does not create a new pathway. But rather recognizes successful non-profit teacher development and training programs to fulfill the BS in Education requirement for licensure. Individuals who possess any bachelor's degree, who complete the subject specific pedagogy program, and who pass the standard state examination shall be eligible for a resident educator license. Eligible programs must be administered by non-profits who 1) operate teacher development courses in 5 states, and 2) have operated alternative teacher certification courses for over 10 years.

Opponents will argue that the quality of such a program will not meet the standards of traditional licensees. This bill is similar to RC 3319.26 adopted in the budget, which directs the State Superintendent and Chancellor of Higher Education to create an online summer development program. Our bill recognizes existing programs with a track record of success rather than putting that burden solely on the state. They will also argue that there is no teacher shortage in Ohio. In the aggregate this may be true, however regional teacher supply does not fill demand. In fact, the National Education Association provides a long list of Ohio specific policy recommendations to increase the availability of teachers.

The goal of this legislation is to create a framework to allow existing programs to certify a college educated person's pedagogic knowledge, absent an education degree, and to allow operating nonprofits to innovate teacher development models. In the near future, we plan to reintroduce legislation that will codify a state government expenditure database. This measure is identical to House Bill 46 of the 131st General Assembly, which **passed the House of Representatives in April of 2015 unanimously with 74 co-sponsors**.

Throughout the legislative process, this legislation had no opponents and attracted broad bipartisan support from organizations including the Buckeye Institute, Ohio Public Research Interest Group, and the Ohio Newspaper Association.

Using existing authority, in December 2014, Ohio Treasurer Josh Mandel unveiled [www.ohiocheckbook.com](http://www.ohiocheckbook.com), an easily accessible, searchable database of state expenditures for our taxpayers to hold state government accountable for spending. The new website, arguably the best of its kind in the Nation, reflects the intent of this legislation, but it could readily be taken down by a future treasurer of state. Through this legislation, future treasurers, regardless of political affiliation or commitment to transparency, must maintain this important tool that already is providing more accountable government to our state's residents.

He was joined by Sen. Steve Wilson, R-Maineville, Rep. Mark Romanchuk, R-Mansfield, and Rea Hederman Jr. of the Buckeye Institute.

### Cincinnati Business Courier: Ohio dogs soon may get their day on restaurant patios

"I'm a huge animal advocate. There's a number of other states and municipalities that allow it. It's all over Europe," Lanese told me on Tuesday. "Why not allow restaurants to make the decision for themselves? They know their customers best."

### Columbus Underground: New bill would allow dogs on restaurant patios

"This legislation gives businesses the freedom to decide for themselves whether or not to allow dogs on their patios," said State Representative Laura Lanese (R-Grove City), who sponsored the bill. "It is also a recognition of the importance of animals in our lives. We already have pet-friendly hotels, pet-friendly parks, and pet-friendly events. It's a good opportunity for marketing our state as pet-friendly for tourism purposes as many travelers want to bring their pets along with them while they travel."

### WSYX: Lawmakers looking to allow dogs to dine at restaurants

The sponsor of the bill, Rep. Laura Lanese (R - Grove City) said she started working on the bill after hearing from several restaurant owners who had only recently learned they couldn't have dogs on the patio. She said she understands some people won't want to eat with dogs around.

### Cleveland Plain Dealer: Ohio budget bill would expand wrongful conviction payouts

Rep. Bill Seitz, the Cincinnati Republican who sponsored the 2003 bill, said the court got it wrong. The legislature always intended procedural errors, regardless of when they occurred in the case, to make someone eligible for compensation.

**Date:** June 30<sup>th</sup>, 2017  
**Re:** Medicaid Expansion Enrollment Freeze Information

---

I would first of all like to everyone who has offered their support to the Medicaid expansion enrollment freeze. As I said on this House floor, this is the most impactful action taken by any state to roll back and stop the Affordable Care Act, fulfilling promises we have all made to ensure a higher quality of care for all Ohioans. I thank you for your courage in joining me in the fight to ensure that our citizens are free to make their own healthcare choices, and that our Medicaid program is refocused on serving the truly vulnerable.

By now I am sure you have heard from detractors claiming that the freeze is not in the best interest of Ohioans. I encourage you to take a look at the following resources that support our decision and make clear that an expansion freeze is sound public policy.

- Attached: *Freeze Brief*, provides a general outline and talking points on the expansion freeze.
- Attached: *We the People Convention Expansion Freeze Poll*. This poll was taken yesterday, June 29<sup>th</sup>, and shows that 60.6% of all Ohioans and 81% of

- all Republicans do NOT want Governor Kasich to line-item veto the expansion freeze.

  - National Review article analyzing the fallaciousness of the bombastic claim, "people will die!":  
<http://www.nationalreview.com/article/448952/obamacare-repeal-will-not-kill-thousands>
    - Note that this article focuses on the claims being made about the Federal healthcare plans. This claim is even more detached from reality when used to decry our expansion freeze, which allows those currently covered to maintain coverage as long as they are eligible.
  - Article by Foundation for Government Accountability VP of Research Jonathan Ingram, explaining how the expansion has drawn funding away from the truly vulnerable: <http://thehill.com/blogs/pundits-blog/healthcare/320620-freezing-obamacare-expansion-will-save-taxpayers-and-the-truly>
  - Article by Foundation for Government Accountability Senior Fellow Sam Adolphsen, presenting evidence that the expansion may actually exacerbate the opioid crisis: <http://thehill.com/blogs/pundits-blog/state-local-politics/339892-want-to-end-the-opioid-epidemic-start-by-freezing>
  - Poll from the Foundation for Government Accountability, showing that voters support freezing the Medicaid expansion: <https://thefga.org/wp-content/uploads/2017/03/National-MedEx-Freeze-Poll-1-23-17.pdf>
  - An op-ed that I recently penned that was published by the Daily Signal: <http://dailysignal.com/2017/06/30/ohio-already-rolling-back-parts-obamacare-states-can/>

Thank you for your consideration. I look forward to joining you next week to override the Governor's veto, if need be.

Please feel free to contact me if you have any questions, or if I can be of assistance to you. My cell phone is (419) 210-0800 and I am available for questions anytime.

## **Medicaid Expansion Freeze Brief**

### **What the Freeze Does**

- Prohibits the Medicaid program from covering the Group VIII (expansion) population beginning on July 1, 2018.
- Exempts those with diagnosed mental illnesses or drug addiction, allowing them to enroll after the freeze date.
- Allows those expansion enrollees enrolled by July 1, 2018 to maintain their coverage until they become ineligible or the enhanced federal medical assistance percentage (FMAP) for the Group VIII population is reduced by federal legislation.

### **Freezing expansion protects the truly needy**

- Ohio's Medicaid waiting list enrollment sits at nearly 60,000. These are Ohioans with severe intellectual and developmental disabilities who aren't getting the care they need.
- Meanwhile, Ohio is spending billions on welfare for able-bodied (mostly childless) adults.
- Every penny spent on these adults is a penny that can't go to help Ohio's truly vulnerable.
- An enrollment freeze would immediately begin to make the truly needy a priority once again by moving able-bodied adults back to independence and freeing up limited resources for the vulnerable.

### **Freezing expansion protects taxpayers**

- Ohio's Medicaid expansion has been overbudget since Day One.
- From January 2014 through March 2017, total expansion costs ran \$6.1 billion higher than originally projected in 2013 – an overrun of 94 percent. By the end of the year, that overrun will total a whopping \$8.3 billion.
- State taxpayers are now on the hook for 5% of these costs, with that share growing to 10% by 2020. Although the state has only been paying a share of the cost for a few months, the state's share has already run \$38 million over projections – an overrun of 125 percent. That overrun is projected to increase to \$145 million by the end of the year.
- Congress is poised to repeal the enhanced funding for expansion altogether. The House version of the American Healthcare Act (AHCA) would eliminate enhanced funding for new enrollees after 2020. The Senate version eliminates enhanced funding through a 3-year phase out, beginning in 2021.
- An enrollment freeze would stop the bleeding immediately, reducing costs and giving taxpayers much-needed relief. Based on the experiences in other states, freezing expansion enrollment at the end of the fiscal year will save between \$4.2 billion and \$5.5 billion over the next biennium. The state share of those savings would total between \$243 million and \$315 million.

### **Freezing expansion protects enrollees**

- An enrollment freeze would allow current enrollees to stay on the program as long as they remain eligible.
- This avoids disruption for enrollees, allowing them to maintain enrollment until their situation improves enough that they can obtain insurance through the individual market or an employer.

### **Freezing expansion is politically popular**

- A national 2017 poll found that voters support freezing Medicaid expansion enrollment by nearly two-to-one margins (53% to 33%).

### **Freezing expansion is practical and possible**

- Other states have used enrollment freezes to unwind pre-ObamaCare expansions to childless adults and to unwind S-CHIP expansions.
- Freezes were previously approved by President Bush and President Obama.
- CMS can grant a waiver to allow states to freeze enrollment.
- CMS is set to release new guidance that will provide state options to freeze enrollment and reduce eligibility levels in the expansion.

### **Freezing expansion would have no effect on the drug addicted and mentally ill**

- Mental health and addiction services accounted for only 5.62% of total expansion spending in 2016.
- Conference committee's version of the budget exempts individuals with mental health and drug addictions from the freeze, allowing them to enroll or reenroll past the freeze date of July 1, 2018.

Press Release

FOR IMMEDIATE RELEASE: Thursday, June 29, 2017

POLL SHOWS OHIOANS – ESPECIALLY REPUBLICANS – DEMAND MEDICAID EXPANSION FREEZE

Akron, OH – Tom Zawistowski, President of the We the People Convention announced the results of a statewide Ohio poll tonight concerning the Medicaid Expansion Freeze that was included in the Budget just passed on Wednesday by the Ohio House and the Ohio Senate. Contrary to polls put out by medical groups and others who benefit financially from Medicaid Expansion, the We the People Convention Poll shows that 60.6% of all Ohioans do NOT want Governor Kasich to line-item veto the Medicaid Expansion Freeze in the budget, which does not cut anyone's Medicaid benefits, but simply stops growing the program that is already \$7 Billion over budget. Furthermore, the survey showed that if Governor Kasich does line-item veto the Medicaid Expansion Freeze, a plurality of all Ohioans, 51.7% to 49.3%, said that they would want the Ohio House and Ohio Senate to reconvene next week and override the Governor's veto.

Since the state is controlled by Republicans and the Budget was pass with only Republican votes, all of them from Governor Kasich, to Speaker Rosenberger and Senate President Obhof, and every Republican in the Ohio House and Ohio Senate, will get a very strong message from the poll results from their Republican voters. A total of 81% of Republican voters do NOT want Governor Kasich to line-item veto the Medicaid Expansion Freeze. Then an equally strong 68.5% of Republican voters want Republicans in the Ohio House and the Ohio Senate to Override the Governor's Veto if required.

Commenting on the poll, Zawistowski said, "Ohioans understand that Governor Kasich's Medicaid Expansion is simply unsustainable. We credit the Republican members of the Ohio House and Ohio Senate, and their leadership, for recognizing that someone has to stop Kasich before he bankrupts Ohio. While we in the TEA Party/Liberty movement believe that Medicaid Expansion should be ended – it's not Medicaid it is welfare expansion – we were convinced that a first step of just stopping the growth of the program, without cutting anyone's benefits, was a "caring way" to take a first step as our Governor likes to say. We fully expect him to line-item veto the Medicaid Expansion Freeze because John Kasich sees no reason to ever stop giving other people's money away while pretending he cares so much about people – but never mentioning the tax payers who pay for all his misguided spending. Therefore, we also fully expect, and all Republicans should expect, all 59 House Members who voted for the budget with the Freeze in it on Wednesday, and ALL 7 members who did not vote for the budget, to join all 23 members of the Senate next Thursday, July 6th and impose some financial sanity on the Governor by overriding his veto and representing their constituents – particularly the tax payers in their districts who are paying the bill for this irresponsible and unnecessary spending."

This Ohio poll was conducted for the We the People Convention, Inc. by TRZ Communications Services, Inc. of Akron, Ohio which was the polling company that first predicted the Trump Ohio landslide victory in last year's Presidential election. This automated poll was conducted on Thursday, June 29, 2017 between 2:00 PM and 4:00 PM. The poll was designed to gather public opinion on the issue of Freezing Medicaid Expansion in Ohio. Calls were placed to 45,105 randomly selected voters from our data base of 4.5 million current land line phone numbers in Ohio. Of the 9,901 who answered our call, 625 respondents completed our automated poll, a 6.3% response rate. The poll has a margin of error of  $\pm 4.0\%$  at the 95% confidence level. Demographically 26.99% of respondents vote Democrat, 29.6% vote Republican and 43% do not affiliate with any party. The gender breakdown was 57.68% women and 42.32% men. Results were gathered from 80 of the 88 Counties in Ohio. Every age group from 24 year olds to 90 year olds were surveyed.

Answer	Number	Percent	Republicans	Democrats	Independents
Veto the Freeze	246	39.4%	35 - 19%	90 - 52.3%	121 - 45%
Do NOT Veto the Freeze	379	60.6%	149 - 81%	82 - 47.7%	148 - 55%
Override the Veto	317	51.7%	126 - 68.5%	65 - 37.8%	126 - 46.8%
Do NOT Override the Veto	308	49.3%	68 - 31.5%	107 - 62.2%	142 - 53.2%

Hello! Had enough of bureaucracy? Tired of all the red tape? Concerned about rogue agencies seemingly operating impervious to oversight? I am, too!

A wise man once said, "There is no such thing as a free lunch," but he was wrong!

On Wednesday May 23<sup>rd</sup> there will be a panel discussion of HB580 featuring the American Principles Project's Erin Tuttle, Greg Lawson of The Buckeye Institute, and Micah Derry of Americans for Prosperity. It will be moderated by Representative Andy Thompson. There will also be a free lunch provided by the parties in question.

House Bill 580, adds oversight and transparency to Ohio executive agencies' applications for federal grants, in an effort to control the rise of the administrative state. The discussion will include how the bureaucracy of our federal and state governments has grown over time, and how this administrative growth has specifically hurt the State of Ohio through federal grants and mandates. We will discuss how HB580 will help address the problem we have with a rising administrative state, and institute oversight via the executive branch.

Good morning everyone,

Since I started in the House, I've had the Ashbrook Center's pocket Constitution and Declaration perched upon my desk. It's a neat little booklet that also contains Lincoln's Second Inaugural, the Gettysburg Address, and excerpts from some of Thomas Jefferson's letters. I've turned to it many times for inspiration, and occasionally, for work purposes. I carried this same pocket constitution while I was in college, when I was just beginning to understand the depth of meaning contained in our Founding documents.

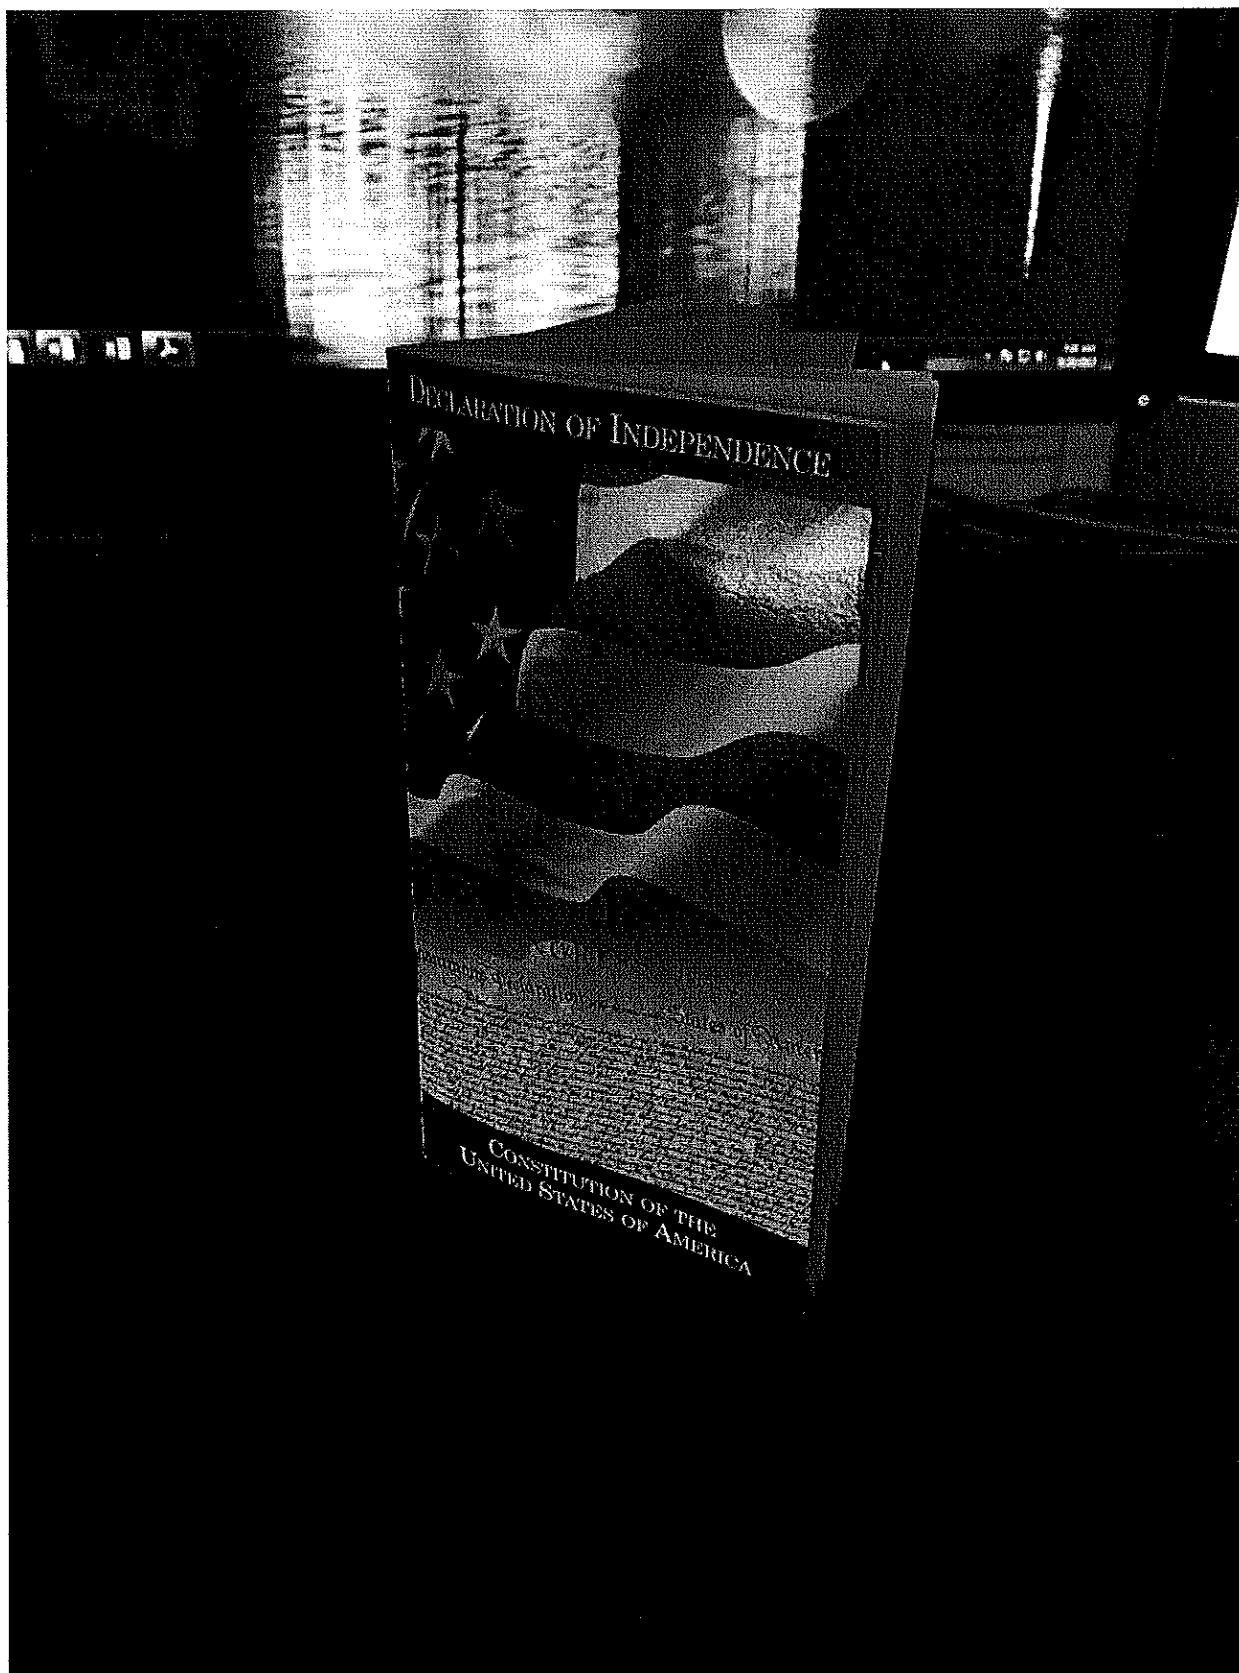

Now, I am excited to carry this same little booklet back to the Ashbrook Center to embark on a new chapter in my career. With it, I carry back a deeper understanding of the legislative process, and great experiences in politics. It still astounds me that we all have had the opportunity to help make law and improve the lives of 11.5 million people. I'm incredibly grateful for the opportunity to serve the people of Ohio. These experiences will all help me with my new mission of cultivating good civics education in our country through the use of primary source documents.

Better yet, I'll also carry with this little booklet memories and friendships that will last a lifetime. I'll miss the House, but I won't be far away. Feel free to stay in touch. My cell is 419-561-0073 and my personal email is [brossman4913@gmail.com](mailto:brossman4913@gmail.com)

# Ohio House of Representatives

## MEMORANDUM

**TO:** All House Members  
**FROM:** Representative Christie Kuhns and Representative Janine Boyd  
**DATE:** February 18, 2016  
**RE:** Request for Co-Sponsorship – Paid Parental Leave

---

We will soon introduce legislation to create the Family and Medical Leave Insurance Program. Beginning in 2020, the program will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. Only two states, California and New Jersey, offer paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a claim with ODJFS; must have worked at least 680 hours during the base period; premiums

have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

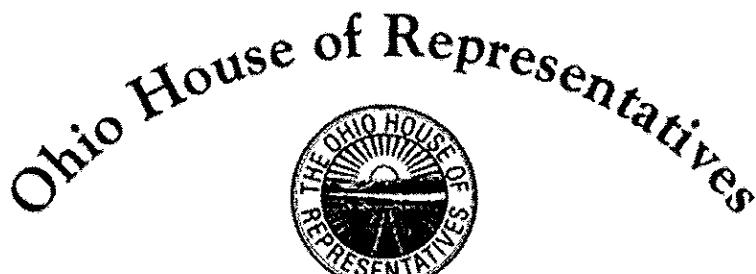

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Working people in Ohio should not have to worry about losing their job or falling behind financially just to take care of a sick child or relative; address their own serious health condition; or care for and bond with their newborn child. Ohio cities like Dayton and Cincinnati are leading on leave. By allowing working people to put their family first, we can truly make Ohio a better place to live, work, and raise a family.

We will soon introduce legislation to create the Family and Medical Leave Insurance Program. Beginning in 2020, the program will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. Only two states, California and New Jersey, offer paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a claim with ODJFS; must have worked at least 680 hours during the base period; premiums

have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Derek,

Since we talked on this, someone in a position to know (and I forget who it was) explained to me that the dental vision and life premiums are already built into the medical insurance premium we already pay as state legislators under the state plan. If so (and that can easily be confirmed either with Kim Flasher in the House or with DAS), your bill would have us pay twice for the same coverage. As you know, I wasn't for this idea in the first place, but this would be another reason to oppose.

Moreover, I am far from certain that lines 147-156 get you where you want to go on collective bargaining ("seek to obtain" is a far cry from obtaining).

Kirt, Bill, Marissa, and Shawn:

I've attached draft legislation that would require state employees, not covered by CBA, to pay the same % of their premium for dental, vision, and life insurance that they pay for medical insurance.

This would have employees effectively paying 15% of the premium for all insurance (medical, dental, vision, life).  
Employees currently pay 15% only for medical insurance.

Also, language is contained that would instruct the state to bargain to have the same provision included in CBA's that cover union, state employees.

Although I've discussed this issue with you already, I'd appreciate it if you would review the language  
and let me know if you have any suggestions or concerns.

Thank you,

## OHIO LEGISLATIVE SERVICE COMMISSION

R-132-0684  
Tom Wert

### Fiscal Note & Local Impact Statement

**Bill:** L\_132\_0070-2 of the 132nd G.A.      **Status:** As Drafted

**Sponsor:** Rep. Merrin

**Local Impact Statement Procedure Required:** No

**Subject:** Requires state employees to pay a share of premium costs for dental, vision, and basic life insurance

#### State Fiscal Highlights

- Requiring exempt employees to pay the same percentage of the coverage costs for dental, vision, and basic life insurance benefits as they do for health insurance will reduce the state outlay for these benefits by several millions of dollars annually. Currently, the employee rate of cost share for health insurance is 15%. There were about 16,400 exempt employees on the state payroll in December 2016.
- If the state were successful in negotiating for a similar rate of cost share among employees covered by collective bargaining contracts, the state's outlay for dental, vision, and basic life insurance for this group of employees would also be reduced by several millions of dollars annually. There are just under 35,900 collective bargaining unit employees currently on the state payroll.
- Estimated annual savings based on state benefit costs for FY 2016 and FY 2017 year to date are shown in the table within the "Detailed Fiscal Analysis."

#### Detailed Fiscal Analysis

The bill requires exempt state employees who receive dental, vision, or basic life insurance benefits through state plans coordinated by the Department of Administrative Services (DAS) to pay a percentage of the premium or percentage of the cost of that coverage equivalent to the percentage share they pay toward their state health coverage. For state employees covered by collective bargaining agreements, the bill requires the state to attempt to negotiate provisions in those agreements that require an employee cost share for dental, vision, and basic life insurance equal to the percentage of their share of the premium for health insurance. Under the state's current dental, vision, and basic life insurance programs, these benefits are provided to eligible state employees and their dependents at no cost. Requiring individuals that receive these benefits to pay a portion of the coverage costs could reduce state outlays for employee benefits by several millions of dollars annually. Additional details are provided under the headings below.

### **Exempt employee dental, vision, and basic life insurance**

Under the state's current dental, vision, and basic life insurance plans, after one year of service eligible state employees receive coverage at no cost. For exempt employees, state agencies are assessed premium amounts for each employee that has elected coverage. These assessments are transferred from the agencies' payroll accounts to the State Employee Health Benefit Fund (Fund 8080) or the Life Insurance Investment Fund (Fund 8100), as applicable. Claims and administrative costs for the programs are then paid from these funds.

For exempt employees, the premium assessments for dental insurance are \$34.23 per month for single coverage and \$99.19 per month for employees with family coverage. Vision insurance rates are \$10.04 per month per employee with single coverage and \$27.61 per month per employee with family coverage. Life insurance rates for exempt employees are calculated for each employee independently. Under the current plan, the rate assessed to agencies is 11.7¢ for each \$1,000 of the covered employees' salary. As of March 2017, approximately 13,000 exempt employees are covered under the state's dental, vision, and basic life insurance plans.

Under the bill, exempt employees would be required to pay a portion of these assessments at a rate equal to the rate they pay for health insurance. Under the state's current health insurance plan, that rate is 15% of the coverage costs. Thus, under the current insurance plans, exempt employees would pay \$5.13 (\$34.23 x 15%) per month for single dental and \$14.88 (\$99.19 x 15%) for family dental insurance, \$1.51 (\$10.04 x 15%) for single vision and \$4.14 (\$27.61 x 15%) for family vision insurance, and 1.8¢ (11.7¢ x 15%) per \$1,000 of the covered employees' salary for life insurance.

As the table below shows, assessments to state employers to provide dental, vision, and basic life insurance benefits to exempt employees totaled more than \$17.6 million in FY 2016. Under the bill's proposal, exempt employees with these benefits would have paid more than \$2.6 million of that total. The table shows what the employee and state share of coverage costs would have been and the actual costs paid by the state for FY 2016 and year to date (as of March 14, 2017) for FY 2017 under the bill. These calculations are based on an employee paying a 15% share of the total cost of coverage.

Exempt Employee Benefits Costs as Proposed Under L-132-0070-2 Compared to Actual Benefits Costs for FY 2016 and FY 2017 Year-to-Date						
Coverage	FY 2016 (Under L-132-0070-2)		YTD FY 2017 (Under L-132-0070-2)		Actual State Costs

### **Nonexempt employee dental, vision, and basic life insurance**

Premium payments for dental, vision, and basic life benefits paid by the state for employees in a collective bargaining unit are specified in the collective bargaining agreement with the Ohio Civil Service Employees Association (OCSEA). Under the contract, the FY 2017 rate is \$82 per month per covered employee. For FY 2018 the rate increases to \$83 per month per covered employee. The amounts paid by the state of Ohio for these benefits that apply to union employees are deposited with the Union Benefits Trust Fund (UBTF) which pays the claims and administrative costs of these benefits programs. The UBTF is governed by a board of trustees consisting of a representative from the state and representatives from the five unions with the most state employee members. This fund is outside of the direct control of the state and is not subject to appropriations by the General Assembly. According to DAS, as of February 28, 2017, the total number of state employees in collective bargaining units was 35,818.

If the state were successful in negotiating an employee cost share for dental, vision, and basic life insurance at the current 15% rate, then union employees would pay \$12.30 per month ( $\$82 \times 15\%$ ) for these benefits. In FY 2018 that rate would increase to \$12.45 per month ( $\$83 \times 15\%$ ). In FY 2016, state contributions to the UBTF for these benefits totaled approximately \$31.0 million. As of March 14, 2017, FY 2017 year-to-date state contributions to the UBTF were slightly more than \$10.0 million. Assuming the requirement for union employees to pay 15% for dental, vision, and basic life insurance had been in place, savings to the state would have been approximately \$4.7 million in FY 2016 (15% of approximately \$31.0 million). FY 2017 savings year to date would have totaled slightly more than about \$1.5 million (15% of approximately \$10.0 million).

What's the total savings of this proposal to the state?

Thanks for the response. I do believe you are incorrect.

To verify, I've had LSC do additional research and complete a fiscal impact analysis.

Also, we've contacted Jason Parsons in the House for clarification.

Please see the attached LSC memo. I'll be moving forward with the bill next week.

I'll wait your co-sponsor support.

Enjoy the weekend,  
Derek

**Subject:** RE: Please Review Draft - 15% Insurance

Derek,

Since we talked on this, someone in a position to know (and I forget who it was) explained to me that the dental vision and life premiums are already built into the medical insurance premium we already pay as state legislators under the state plan. If so (and that can easily be confirmed either with Kim Flasher in the House or with DAS), your bill would have us pay twice for the same coverage. As you know, I wasn't for this idea in the first place, but this would be another reason to oppose.

Moreover, I am far from certain that lines 147-156 get you where you want to go on collective bargaining ("seek to obtain" is a far cry from obtaining).

**Subject:** Please Review Draft - 15% Insurance

Kirt, Bill, Marissa, and Shawn:

I've attached draft legislation that would require state employees, not covered by CBA, to pay the same % of their premium for dental, vision, and life insurance that they pay for medical insurance.

This would have employees effectively paying 15% of the premium for all insurance (medical, dental, vision, life).  
Employees currently pay 15% only for medical insurance.

Also, language is contained that would instruct the state to bargain to have the same provision included in CBA's that cover union, state employees.

Although I've discussed this issue with you already, I'd appreciate it if you would review the language and let me know if you have any suggestions or concerns.
